Education

2022-now	*PhD Norms and Networks Cluster, Sociology Dep., Groningen University End date: February 2027*
2020-2022	*Master (Sc.) Behavioral Science (research), Radboud University & Environmental Psychology Institute, University of Vienna (grade 7.9)*
2020/Jan-Jul	*Ba. Thesis, Max Planck Institute for Psycholinguistics, Nijmegen (grade 7.8)*
2017-2020	*B.Sc. Psychology, Radboud University, Nijmegen*
2016-2017	*B.Sc. Biology, Universität Duisburg-Essen*
2015-2016	*Nursing Education, St. Marienhospital Borken*
2007-2015	*Secondary School/ Abitur, priv. Gymnasium Mariengarden*

Academic Positions

2025 - now	*Research Fellow of the Rudolf Agricola School as part of the Networks and Sustainability research cluster*
2025 Sept-Dec	*Visiting Scholar Behave lab University of MIlan*
2023-now	*Member Ethics Committee Sociology*
2022-now	*PhD student, Sociology department (BSS), Project: Plugged in. The sociometric embeddedness of Community Energy Initiatives*
2022/Feb-July	*Erasmus Internship, Environmental Psychology Department Vienna*
2021-2022	*Master Thesis Internship, Behavioral Change and Well Being (BSI), Nijmegen*

2021/Feb-July	*Student Teaching Assistant, Radboud University*
2020/Jan-Jul	*Internship, Max Planck Institute for Psycholinguistics, Nijmegen*

Teaching Experience/Supervision

2026	*Master Thesis Supervision, (second supervisor) Marieke Teunissen Ma. Sociology & (daily supervisor) Max Neuhaus M.Sc. Behavioral and Social Sciences.*
2025 - 2026	*Traineeship supervision Research Master: Max Neuhaus.*
2025	*Master Thesis Internship supervision Kim Bechstein.*
2024 -2025	*European Values Teacher: A half year course in which students conduct their first research project and learn writing and conducting academic research, with regular feedback (20 students).*
2024	*Bachelor Thesis Supervision: Students perform an academic research project and write a paper under my supervision.*
2023- 2024	*Coordination of the test days for Bachelor students (1-3 year).*
2023- now	*Inleiding Sociologie/ Introduction to Sociology (1st year Bachelor); preparation of exercises, exams, correction, feedback and lecturing.*
2023/ Feb - Jul	*Master Thesis Supervision, Michiel Bonenschansker.*

Current Research Projects

2025-now	*Adding Social influence, Tie-formation and Cognitive Dissonance mechanisms to Diffusion Simulations. ABM.*
2024-now	*Using Calibrated Diffusion Simulations to investigate the Diffusion of Community Energy Initiative Participation*

Past research Projects

2024-2026	*Aangesloten of geïsoleerd? Versterking van de sociale inbedding van lokale energie-initiatieven* - *Learning communities and data collection with 3 CEIs as part of Groninger Energiekoepel (GrEK). The project is financed through a PEP grant that Jacob Dijkstra and Dennis Nientimp in cooperation with GrEK were granted by the province of Groningen.*
2024-2025	*Digitale Aggregatie en Collectieve Sturing van Hybride Warmtepompen*

- *Experiment: Placing 100 smart warmth-pumps and investigating social factors to prevent net-congestion*

2022-2025 *Plugged in. The sociometric embeddedness of community energy initiatives.*
- *Duurzaam Dalen: Community project with a focus on integrating people between 25 and 45 and investigating energy poverty*
- *Aardgas Vrije Wierdedorpen: Investigating startup difficulties in the case of three villages, where one village has started a CEI successfully and the other two try to catch up. We also focus on people's willingness to participate as moderated by the effects of earthquakes on their property.*

2023-2024 *Plugged in.*
- *Planbureau Fryslan: Data collection on attitudes regarding the energy transition*
- *Participation Centre North*
- *Ooststellingwerf: Social network approach to CEI participation*

2021-2022 *The effect of planned hedonic goal deviations on meat consumption.*

2020-2021 *Robots needs. The effect of long term interaction on social sacrificing on behalf of social robots.*

Professional Activities

2023-now *Operator and show host at https://www.relateradio.com/*

2023- 2024 *BSS PhD council member*

Conferences and workshops

2026/Aug ***European Social Network Conference, Norrkoping***
Presenting: D.Nientimp, F. Renzini & A. Flache: Does social influence undermine central seeding? Adding social influence, tie-formation and cognitive dissonance to diffusion models.

2026/Feb ***NIG (Netherlands Institute of Governance) Conference, Leuven***
Presenting: D.Nientimp & J. Dijkstra: Bringing "Bottom Up" Citizen Engagement into the Implementation of Community Energy by Combining Social Network Analysis and Co-creation.

2025/Sept ***Behave Summer School, Brescia***
2 week Summer school on Agent Based Modelling.

2025/Jun ***Sunbelt Conference, Paris***
Chairing: 4 Sessions on Networks and Sustainability with Christina Prell.
Presenting: *D.Nientimp and J. Dijkstra* (2025). SUNBELT. *Drawing the*

	network together: A participatory modelling approach to increase community energy initiative participation through SNA.
2024/Jun	***SUNBELT Conference, Edinburgh*** Presenting: *Nientimp, D., Dijkstra, J.,* Flache, A., 2024. SUNBELT. *Combining Social Network Analysis and Survey Data to Facilitate Community Energy Initiative Participation*
2024/Feb	***ETMAAL Conference, Rotterdam*** Presenting: *Can we be prosocial towards robots? Dennis Nientimp, Sari RR Nijssen, Barbara C. N. Müller, Evelien Heyselaar.2024 Etmaal. February 8-9th 2024. Rotterdam*
2024/Jan	***Workshop Rudolf Agricola School for Sustainable development, Groningen*** Teaching: Nientimp, D. 2024. Rudolf Agricola School. Using a Social Network Visualization and Measures to improve and understand Community Energy Initiative (CEI) Participation. 24.January 2024, Groningen. The Netherlands
2023/Nov	***BEHAVE Conference, Maastricht*** Presenting: Nientimp, D., Dijkstra, J., Goedkoop, F., Flache, A., 2023. BEHAVE. Introducing a Social Network Approach to improve and understand Community Energy Initiative Participation. 29. November 2023, Maastricht, The Netherlands
2023/Sep	***European Social Network Conference, Ljubljana*** Presenting: Nientimp,. D, Dijkstra, J., Flache, A., 2023. EUSN. Using a Social Network Approach to Improve and Understand Community Energy Initiative Participation: A case study. 7. September 2023, Ljubljana, Slovenia.
2023/May	***Enlight Summer School. Equity and Sustainable Transitions, Galway***
2023/Jan	***13th Longitudinal social network modeling in R Siena. Winter School, Groningen.***

Memberships and Affiliations

2022- now	*Interuniversity Center for Social Science (ICS)*
2022- now	*Norms and Networks Cluster (NNC)*

Awards and grants

2024 Sept	*PEP Grant 25.000€: Aangesloten of geïsoleerd? Versterking van de sociale inbedding van lokale energie-initiatieven.*

- *Spend on data collection, analysis and engaged learning communities with 2 CEIs.*
- *Application written by Jacob Dijkstra, Dennis Nientimp, Marloes Otters and Jantine Koppert.*

2023 Nov — *Rudolf Agricola PhD Grant 1000€*
Spend to finance a repeated data collection.

2022/Feb - July — *BSI Travel Grant, for the Masters internship at the Environmental Psychology Institute at the University of Vienna 850 €.*

Peer reviewing

Journals — *British Journal of Social Psychology, Energy Efficiency (Springer), Environmental Innovation and Societal Transitions, Collabra Psychology, Journal of Artificial Societies and Social Simulation (JASSS),Plos One, Tijdschrift van de Sociologie, Technological Forecasting and Societal Change.*

Publications

Peer Reviewed Journal Papers

Nientimp, Dennis, Fleur Goedkoop, Andreas Flache, and Jacob Dijkstra. 2024. 'A Social Network Approach to Community Energy Initiative Participation'. Energy Efficiency 17(6):66. doi:10.1007/s12053-024-10247-4.

Nientimp, D, Müller, C. N., Nijssen, S. R. R., & Heijselaar, E. 'One Size Fits All? Transferring Social MindfulnessMeasures to HRI'. *PLOS ONE* **21,** 1 (2026) :e0339959. doi:10.1371/journal.pone.0339959

Professional publications

Dijkstra, J. & Nientimp, D. 2026. GrEK eindrapport. Aangesloten of geïsoleerd? Versterking van de sociale inbedding van lokale energie-initiatieven. ***Provincie Groningen.*** *https://research.rug.nl/en/publications/aangesloten-of-ge%C3%AFsoleerd-een-protocol-voor-de-versterking-van-de/*

Book/Chapters

Aliya, S, Nientimp, D.,Hamel, E., & Yang, J., 2024. 'Moving Forward? Rethinking Mobility, Liveability and Sustainability in the City'.https://openpress.universityofgalway.ie/enlightestransitions/chapter/moving-forward-rethinking-mobility-liveability-and-sustainability-in-the-city/

Dijkstra, J. & Nientimp, D. 2026. One size fits one: fostering community energy implementation through networked co-creation. Book: Breaking Barriers. ***Hanze Hoogschool.*** *doi:* ***https://doi.org/10.5281/zenodo.21258216***

Under Review

Nientimp, D., F. Renzini & Flache,A., 2026.Does social influence undermine central seeding? Adding social influence and tie-formation to diffusion models.

- *Accepted for submission to a special issue on ABM and network in Social Networks.*

Nientimp, D., Flache,A., & Dijkstra, J., 2026. Triangulating Network Methodologies to aid Community Energy Project Implementation: Central Nodes, Cluster Analysis and Empirically Informed Diffusion Simulations.

- *Submitted to Environmental Innovation and Societal Transitions.*

Nientimp, D. & Dijkstra, J., 2026 Bringing "Bottom Up" Citizen Engagement into the Implementation of Community Energy by Combining Social Network Analysis and Co-creation.

- *Submitted to Local Environment.*

Esteve del Valle, M., Vos, D., Ludovico, N., Abassiharofteh, M., Los, B., Frey, V., Jager, W., Ruzzenenti, F., Nientimp, D., Pinna, C., & Prell, C. (2026). *Aligning networks for sustainability*.

- *Submitted to Nature Sustainability.*

Conference Papers

Nientimp,. D & Dijkstra, J. 2026. One size fits one: fostering community energy implementation through networked co-creation. New Energy Forum, Groningen, The Netherlands.

Nientimp,. D & Dijkstra, J. 2026. NIG. Drawing the network together: Combining Social Network Analysis and Co-creation to aid Governance of Community Energy Projects. February 2026, Leuven, Belgium.

Nientimp,. D, Dijkstra, J., Goedkoop, F, Flache, A., 2023. BEHAVE. Introducing a Social Network Approach to improve and understand Community Energy Initiative Participation. 29. November 2023, Maastricht, The Netherlands.

Talks

2026/Feb	*Nientimp, D. 2026. Community Energy, Networks and Diffusion of Participation.*

	Computational Sociology & Cooperative Relations Seminar, Utrecht University.
2025/Sept	*Nientimp, D. 2025. Community Energy, Networks and Participation.,* ***Behave-Lab, University of Milan.***
2025/Mar	*Nientimp, D. & Dijkstra, J., 2025. Drawing the network together: A participatory modelling approach to increase CEI participation****., Internal Colloquium NNC, Sociology Department Groningen University.***
2025/Mar	*Nientimp, D., Goedkoop, F., 2025. A social network approach for Behavior Change.,* ***Behavior Change Group, Nijmegen.***
2024/Oct	*Nientimp, D., Dijkstra, J. 2024. The advantages of a Social Network Approach.* ***Dienst Publiek en Communicatie, Ministerie van Algemene Zaken, Den Haag.***
2024/ Mar	*Nientimp, D., Dijkstra, J., Flache, A. 2024. Combining Social Network Analysis and Survey Data to Facilitate Community Energy Initiative Participation.,* ***Planbeureau Fryslan, Leeuwarden.***
2023/ Sept	*Nientimp, D., Dijkstra, J., Goedkoop, F., Flache, A. (2023) Introducing a Social Network Approach to improve and understand Community Energy Initiative (CEI) Participation.*
2022/ Nov	*Nientimp, D., (2022) Plugged in. Cei Participation in Relation to Individual, Community and Sociometric Factors over Time.,* ***ICS Forum Day, Nijmegen.***
2022/ Oct	*Nientimp, D., (2022) Empirical work in NNC, Sociometric embeddedness of CEIs.,* ***Internal Colloquium NNC, Sociology Department, Groningen University.***
2022/ Aug	*Nientimp, D. (2022), A Social Perspective on Sustainability, Nature Perception and related Affective States with a focus on Mariz and Lestnice.,* ***Slavonice 2022****.*
2021/ Nov	*Nientimp, D. (2021, November). The influence of planned hedonic goal deviations on meat reduction.* ***Colloquium Environmental Psychology Group, Vienna 2021.***
2021/ Sep	*Nientimp, D., Meijer, M. & Rijk, I., (2021, September) Do We Consider a Familiar Robot when Making Daily Choices?,* ***Nijmegen SHAI Group, Behavioural Science Institute 2021.***

Current research interests

ABM, Behavioral Change; Calibrated Simulations; Citizen Participation; Community Energy; Contagion; Co-creation; Climate Mitigation; Diffusion of Innovation; Energy Transition; Networks and Sustainability; Social-Complexity; Social-Influence; Social Network Analysis.

Skills

- Academic writing
- Statistics: Advanced Regression Analysis, Bayesian Regression, Social Network Analysis, Simulations & ABM (R, SPSS, NetLogo)
- Qualitative and participatory research methods
- Research software (Qualtrics, Gorilla, Labvanced, Sosci survey)
- Management (data collection, grant application)
- Science communication
- Critical thinking
- Teamwork
- Languages: German (native), English (advanced), Dutch (advanced)
